We hope this information will help you find your
feet in our welcoming community.

Welcome!
Dear readers,

Möglingen is a warm, open, diverse community. People from approximately 85 countries live here together in harmony. Of our population of about 11,400, around 2,100 have personal, family and cultural roots in another country. Our aim is to ensure that everyone who lives here in Möglingen can participate in our community's economic, cultural and social life.

Finding your feet in a foreign country is not easy. There are so many new things to learn. Whether it's the language, the culture, the bureaucracy, the school and education system, or the world of work. In this guide you will find useful information to help you establish yourselves and quickly feel at home in Möglingen.

Our community has a lively social life centred on its clubs and churches. Many of our citizens are active as volunteers in the most varied fields. They organise festivals and leisure activities like the lunch group OASE, the Street Festival or the Café International.

You are warmly invited to take part in the social life of our community.

The Municipality of Möglingen promotes a culture of welcome and openness for new arrivals. Feel free to ask questions of our Integration Manager Laura Krieg or our Integration Commissioner Salvador Guardia-Gil in our town administration.

I hope you enjoy reading our new guidebook and wish you a good start in Möglingen.

Rebecca Schwaderer
Mayor

MÖGLINGEN

A regional haven

4. LIVING

4.1 Swabian "Kehrwoche" (Sweeping Week)

The "Kehrwoche" (Sweeping Week) has a long tradition in Baden-Württemberg, as far back as 1492. The aim then was to give the town a good clean every week. The practice is still very much alive today! In many rental agreements the tenants undertake, in signing the contract, to take it in turns to regularly clean the communal stairwells and the street and pavement in front of the house and to fulfil the legal obligation to clear snow in winter.

In exceptional cases, infringements of the house regulations can result in termination of a rental contract.

4.2 Where to Put the Rubbish

It is very important in Germany to separate your waste. If it is not separated, it will not be collected and a fine is payable. The Ludwigsburg Regional Waste Recycling Authority (AVL) is responsible for emptying the bins and disposing of the rubbish.

If you have bulky refuse (e.g. furniture, wardrobes, sofas, bicycles etc) you should register it for collection using the telephone number 07141 144 28 28. The bulky waste can be left in the street 2-3 days before the bulky refuse collection day.

Important: Between 1st April and 31st March of the following year, 1x bulky waste collection and 2x collections of electrical goods/used appliances can be made free of charge. Do not place bulky refuse or other waste in the street. A fine will otherwise be payable.

In the Youth Fire Brigade young people are introduced to the responsibilities and the excitement of firefighting. Young people of 10 years and older can enjoy working as a team in the Youth Fire Brigade. Comradeship is very important for our young firefighters – everything is much more fun when you work together, and you can only fight fires as a team. The individual cannot achieve much alone.
